

Sofia Morales

Product Designer who codes | Panama City, Panama

Languages: Spanish (native), English (advanced)

Summary

Product designer with working knowledge of React and strong UI thinking. Very strong on Figma, user flows, and interaction design, but limited experience owning production frontend architecture.

Experience

Studio Harbor | Product Designer | 2022-Present

Designed B2B workflow software and collaborated with engineers on component behavior and responsive layouts.

Implemented small React prototypes and Storybook examples to validate design-system ideas.

Created usability improvements for tables, forms, and onboarding flows.

North Current | UI Designer | 2019-2022

Owned design specs, interaction patterns, and developer handoff for web products.

Skills

Figma, design systems, Storybook, HTML, CSS, React prototypes, UX research, accessibility heuristics

Education

B.A. in Digital Design, Universidad de Panama
